SHEET MEDIA  
PRINTING**

MARKINGENIUS 2

Markingenius® MG2 has been exclusively designed by Cembre for the identification of conductors and electrical components.

Markingenius® MG2 is a high resolution printer based on thermal transfer technology, capable of producing markers for cables and terminal blocks, legends for pushbuttons and all electrical panel components. All Cembre MG media can be printed with Windows True Type fonts in black or colours at high speed.

Markingenius® MG2 will also reproduce Clipart images, drawings, barcodes and bitmaps down to very small sizes.

Compact, ergonomic, clean and silent Markingenius® MG2 may be conveniently located in an office, like any other peripheral.

Each monochrome ribbon can print more than 150.000 MG-TPMF 4x10 mm cable tags with full printable surface coverage. Carriage loading and unloading operations are rapid; support templates are easily interchanged and as the pigment deposited from the ribbon dries instantaneously, printed sheets are immediately ready to use.

#### SOFTWARE FEATURES

- Easy data insert
- More than ten types of counter
- \*.txt, \*.cad, \*.dbf, \*.xls and other files can be imported
- ACS and Simplo conversion
- AutoCAD, Elcad and Spac importation
- Customisable print output filters
- Optimised printing of media for cables, terminal blocks, control gear, connectors, push buttons, components, panels and self adhesive labels
- Proprietary font
- Also uses Windows fonts
- Designs customised media
- Vector, drawing and clip art printing
- Free upgrades with each release

#### SYSTEM REQUIREMENTS

- PC - Pentium II, equivalent or above
- 128 MB RAM
- USB port
- Windows 2000 SP4, XP & Vista
- 30 MB available hard disc space
- Video resolution 1024x768

## MARKINGenius® MG2 Package comprises:

	MARKINGenius® printer
<b>MG2-PWC 991000</b>	Support template for tags
<b>MG2-PLT 991002</b>	Support template for legends, labels&signs and all serieFLAT media
<b>MG2-PTB 991001</b>	Support template for terminal block markers MG-CPM-01,02,04&09
	Mains cable
<b>MG-USB 992004</b>	USB cable
<b>MG2-COV 991680</b>	Protective cover
<b>MG2-CRB 991654</b>	Ribbon take up spool
<b>MG2-ETR 991600</b>	Black printer ribbon
	Operation and maintenance manual
<b>Genius Suite</b>	Software on CD (includes printer drivers, user licence and manual)

To print media	.....→ use template	MG2-PWC	MG2-PLT	MG2-PTB	MG2-GTB	MG2-WTB	MG2-STB	MG2-CTB
<b>MG-TPMF</b>	tags for holders		•
